Dear Professor Valery V. Obukhov,

I congratulate you as the Rector of Tomsk State Pedagogical University on the occasion of the 115 anniversary of the University. It is for me outmost clear that it has been mainly due to your excellent work that TSPU has reached an unprecedented high international level.

I recall the time when the University, like many others, was facing the fate of its disappearance or of its merging with other institutions. In great deal thanks to your important effort, dedication and good management, it has finally emerged as a completely renovated University with a very promising future.

Many congratulations again. With my best wishes

Prof. Dr. Prof. H.C. Emilio Elizalde
Senior Research Profesor and P.I.
